Dear <Mr. / Ms.> <Surname>

I am submitting herewith my resume for your perusal consideration for the post of <position vacant> in your organization.

My resume is enclosed for your review and consideration. To describe myself in a nutshell, I am hardworking and ready to take up any challenge of life abreast with the latest trends and a team player.

I have experience of over 14 years in diverse areas encompassing Software Development, IT Project Execution and Team Management. I have innate sense of task prioritization, managerial aptitude and result oriented attitude towards accelerating organizational growth and that too in a high pressured, time bound and competitive environment. I believe I would be able to channelize my qualitative and conceptual skills in analyzing client IT requirement and open up new avenues of growth.

At this stage I find myself to be groomed enough to look outward and explore the possibility of placement at a suitable professional position with higher responsibilities. A tour through my enclosed resume shall familiarize you with the details and I am confident, in my credentials, you would find a perfect fit for the said job. Thanks in advance for sparing your time.

The above credentials along with my enclosed resume make me ideally suitable for a position in your organization. I would appreciate an opportunity for a personal interview.

Thanking you.

Yours Sincerely

Sanjeeva Kumar Shrivastava
